---

<sup>1</sup> Chris Kallis conducted inspections every time that Ecology Services (now Cape) discharged water from the excavation at Building 141

<sup>2</sup> Inspection was scheduled through Mona Reints, 88th Army Reserve Customer Support

<sup>3</sup> No SWMUs are located on our property

<sup>4</sup> Army and Army Reserve waste manifests were reviewed, Marines were not included because they are not supposed to be using the Fort McCoy ID number any more; this should be verified by this office
